

Leaning Against the Wind

by Max Alden Coots

From 1958-1992 Max Coots delivered more than 1400 sermons as minister of the Unitarian Universalist Church of Canton, New York. In 1991 a group of UU church members selected 59 of those sermons that they agreed were some of Max's best. First published in 1992, *Leaning Against the Wind* was re-printed twice more, but for the last several years the book has been out of print. We are pleased to announce that the fourth printing has just been completed and *Leaning Against the Wind* is once again available.
