

B&G Meeting Notes – June 6, 2018

Present: P. Beekman, R. Hutchinson, G. Hoose, S. Grimberg, P. Collins, Mark Berninghusen S. Trim, and Aryn Rivers (Guest)

Excused: D. Doran, E. Whittaker, B. Haldane, and T. Nolan

1. Introduced Aryn Rivers our summer youth worker
2. There were no financial reports available for review.
3. Miles has not replaced rusted screws holding down the chicken wire in the Bell Tower. Pete will check-in with Miles during the summer. **Miles**
4. Pete got permission from Baptist church to mow area on east side of church. He spoke with Locke Landscaping about estimate for additional mowing and it appears they are moving the area. Roger to investigate ground diffusers to attach to drain pipes that move water from roof water runoff drainage system the surrounds the building **Pete & Roger**
5. Roger will get to painting exterior trim around the front door this summer **Roger**
6. Pete reported that Bill Peacock (Bird Construction) is very busy and we should look at having another contractor look at attic windows. Phil agreed to call Just Windows in Stockholm to get a quote. Phil got a quote of \$500 per window sight unseen and will ask them to come to Canton to provide a quote after looking at windows. **Phil**
7. With Bill's full schedule and Dick's failing health, options for repairs to protective glass covering stained glass windows were discussed. Mark agreed to contact Colton Glass to see if they can help us. **Mark**
8. Pete will check with Miles about repairs and installation of sun dial. **Miles**
9. Helen will repaint Coffee Cart the color of the trim color in the social room by the end of the summer. **Roger**
10. Pete spoke with Jerry Cootware (Coots Masonry) about repointing. He lost a hand in an ATV accident but will start work at church in June. **Pete**
11. Phil has completed repairs to bench and library chair. **Phil**
12. Gary completed installation of 3/4" oak cove floor trim needed to cover gap between floor and wainscoting where the old base board radiators were located. **Gary**
13. NCC systems is delaying quote to replace old smoke detector sensors in the sanctuary using scaffolding or a scissor lift since we have not had any recent false alarms. Pete asked them to get a quote anyway so if we do have a false alarm, we can move quickly to replace sensors. Have not heard back from them with a quote. **Pete**
14. Stefan has replaced florescent lights in RE Main Room and can lights too. **Stefan**
15. Stefan replaced broken light fixture in back basement. **Stefan**
16. Phil swapped out storm windows for screens in kitchen and James' office. **Phil**
17. Roger fixed door handle to shed. **Roger**
18. Pete called Locke Landscaping to remove snow blower shed but as of today, it remains. Agreed at this point in time not to bug them about this. **Pete**
19. Roger has secured dishwasher. **Roger**
20. Sara has connected Campus Kitchens and kitchen cabinet to discuss offer to purchase kitchen equipment. They may get a one-pot coffee maker for smaller groups. **Sara**
21. Dick Mooers refinished all the window sills and surrounding trim in the sanctuary and painted the back stairs hand rails.

Next Meeting: August 1, 2018
